Let Loose the Light

Whether you're visiting Dubai for business or pleasure, this apartment feels just like home. The place has everything you need to drop your bags and start living - a fully-equipped kitchen, high-speed internet and a desk for remote working. Elsewhere in the building, you'll find a communal pool and gym - ideal for those who like to keep active on their holidays. But it's the location that wins for us - sun-seekers will be pleased to know Marina Beach and the famous JBR are only a short walk away.
